Why are you the cutest person I've laid eyes on?

OceanofPDF.com

meeting you was the best part my 2023

OceanofPDF.com

22:57

How do you know when you love someone?

When you wake up, and they're your first thought and you're looking at your phone to see if they've texted or called you while you were asleep. And when you go to bed, you fall asleep thinking about them.

When you miss them, even though it hasn't been more than a day or so since you've last seen them. But mostly when you put their needs before your own. When their happiness is more important than your pain. When you really love someone you're willing to give it your all, and you'll know when you are.

OceanofPDF.com

to be honest, you're the only one i've
ever spent this much time and effort on

OceanofPDF.com

19:32

Are you done being sarcastic?

Yes.

Wait, really?

Yeah.

Totally.

Completely.

Done for good

Quit cold turkey.

..... fuck you

OceanofPDF.com

do you think we would've been better off?

I'd probably be peacefully sleeping instead of constantly thinking about you. I wouldn't be thinking about your smile and how I desperately wished I could see it one last time.
I wouldn't be reminiscing how good we were once upon a time. And I certainly wouldn't be missing you. I wouldn't be burdened with the thoughts of you holding someone else in your arms, someone who isn't me. you care about,
but if they aren't
treating you right,
i can assure you
it hurts more
to stay

it sucks when the only person who
can make you feel better is also
the reason why you always cry

You gave up on me.

I gave up on YOU? You left. Multiple times. But I stayed - I always stayed. But you cannot expect me to stay, when all you do is push me away. You cannot expect me to stay, not when you wouldn't even do the same. I haven't done anything but love you with all my heart, but YOU were the one who left ME and not the other way around. Don't come back and blame this on me, because I was the only thing holding us together

i wonder if you even realize
how confused you make me feel?

OceanofPDF.com

after you, falling in love and falling
asleep are both so hard to do

after all this time,
after all this heartbreak,
after all these tears
after everything
we have been through.

i'm still hoping it's you.

OceanofPDF.com

and even "*after all this time*",
you will always be my "*always*"

OceanofPDF.com

sadly, the only way some people will learn
to appreciate you is by losing you

OceanofPDF.com

some people just want the attention of
having you without the responsibility of
being committed to you. read that twice.

OceanofPDF.com

some people are great at giving you
just enough hope to keep you holding
on to nothing

Who hurt you?

My own expectations.

i'm not going to
complain about you
not texting me back,
if i’m not worth
your attention
then ok
that's when
i start to lose interest

my last relationship taught me one thing,
that i never want to feel like i'm begging
for someone's love, ever.

OceanofPDF.com

toxic is when they can't let you go,
but can't treat you right either

OceanofPDF.com

i keep myself busy with the things
that i do, but everytime i pause,
i still think of you...

i just miss you in a quite
desperate way

i miss you

why?

you didn't miss me when you ignored me for 2 months when you found her.

you don't miss me.

don't text me anymore, i've finally found the courage to let you go and you are not about to pull me back in.

why does my happiness depend

one of the best feelings is finally
losing feelings and your attachment
to someone that isn't good for you

why hurt someone whose only
intention was to love you?

stop holding onto people just because
you have history together

hey I miss you..

oh you do? that's crazy because for once in my life i don't. i don't miss our 3 am phone calls. i don't miss you telling me where i can and can't go. i don't miss you criticizing every little thing i do. i don't miss trying to be perfect for you. i don't miss you at all. i'm sick and tired of you thinking you can walk in and be back in my life. i'm not yours anymore. leave me alone. every time you try and come back i get hurt again because i trust. you take something from me every time you come back. i want to ask what the hell is wrong with you but at the same time i wonder what the hell is wrong with me for not being enough for you. just leave me alone. you don't need me. you ruined me.

biggest lesson learnt this year
is probably to not give so much
of myself to people who will
not do the same for me

I miss you

I want you back in my life

Honestly I've been waiting to hear those words for like forever, but you're too late. Where were you when I was crying myself to sleep? Where were you when you left me on read? Oh that's right you were with her.. I gave you chance after chance and you broke it, I'm sorry but I can't do this again. Goodbye.
